JONATHAN PALMER CHIEF EXECUTIVE, MOTORSPORT VISION

We are set for another superb motorsport season in 2020, with major events on two, four and six wheels at our five race circuits. We have a terrific calendar in place at Brands Hatch, Donington Park, Oulton Park, Snetterton and Cadwell Park, and we have outlined all of the key dates to look out for in this fixture guide so you won't miss a thing.

Eight rounds of the Bennetts British Superbike Championship will take place at our circuits this year and we'll play host to five rounds of the Kwik Fit British Touring Car Championship too. We're hosting major international motorsport once again, with the DTM German touring cars and GT World Challenge Europe at Brands Hatch, whilst the FIM Superbike World Championship returns to Donington Park. Other key fixtures will include a diverse selection of family-friendly festivals, the most prominent of which is our annual American SpeedFest at Brands Hatch in June.

Each of our venues will look to the past this year, with historic and vintage events scheduled across the board for both cars and motorcycles, plus a big selection of club-level events too.

We've continued to invest in and improve all of our circuits throughout the off-season, with updates and changes at all five race venues, most notably at Brands Hatch where we've significantly extended the gravel trap at Clearways. These positive moves ensure that our circuits remain in excellent condition and are in the best shape possible for the new season ahead.

It's worth remembering that here at MSV we aren't just in the business of getting you track side - we like to get you in the driving seat too! We offer a huge range of products ranging from first driving lessons for children and teenagers right up to fully-fledged trackdays for adrenaline-chasing petrolheads.

I hope you all enjoy the 2020 motor racing season with MSV and that there is plenty of drama and excitement along the way. Whether you're a car, motorcycle or even truck racing fan, I look forward to welcoming you to our venues throughout the year.

CONTINUALLY EVOLVING...

HOW MOTORSPORT VISION IS IMPROVING YOUR EXPERIENCE

MotorSport Vision is proud of its position as the UK's leading motorsport venue operator and continues to invest in improvements to its circuits for the benefit of both participants and spectators.

For the 2020 season there are a raft of planned upgrades at all venues to improve track safety and the experience for spectators, competitors, trackday participants and marshals. At Brands Hatch the run-off area at Clearways has been significantly extended to increase its effectiveness, with the Armco barriers and debris fencing moved further from the track.

Cadwell Park will benefit from more hardstanding in the paddock and a new paddock office plus track resurfacing, while Snetterton will undergo barrier improvements, benefit from a new paddock return road and take delivery of two new fire trucks and a new fast response vehicle.

At Oulton Park improvements include new concrete run-offs and barriers on track plus resurfacing away from the circuit and improved paddock toilets. Later in the season, work will

get underway on a new large campsite toilet and shower facility plus an evening entertainment area.

Donington Park has undergone major refurbishments since MSV took ownership in 2017, with the stunning Garage 39 restaurant in the heart of the paddock and the impressive new main entrance with views of the Melbourne Loop.

Changes for the coming season will improve drainage and warning lights on track, upgrade marshal posts and add new wooden fencing in spectator areas. Two new recovery trucks have been added to the circuit's fleet, together with new site service and maintenance vehicles.

Overnight guests will benefit from a new second campsite on the outfield near the Heritage Loop, which will be ideal for families looking for a quieter camping experience during the circuit's most popular events.

MSV has also recently rolled out free WiFi across all its circuits and introduced paperless e-ticketing, with tickets delivered direct to mobile phones with no fees when booked online.

CHESHIRE

Your complete guide to the UK's most picturesque racing venue and its superb line-up of events in 2020

 /OultonPark  @Oulton_Park  @OultonParkOfficial

OultonPark 

Oulton Park's stunning backdrop offers fans the most picturesque motorsport viewing experience in the UK, but at the heart of it all lies one of the greatest natural driving challenges the country has to offer.

The Cheshire circuit plays host to all of the UK's major motor racing series, including both the Bennetts British Superbike Championship and Kwik Fit British Touring Car Championship, plus the British GT Championship and BRDC British F3 Championship fixture at Easter.

The calendar also features the venue's signature event, the Oulton Park Gold Cup meeting in August, and a packed schedule of club-level car and bike events.

GRANDSTANDS

OH OLD HALL

L LODGE

KB KNICKERBROOK

Located at the end of the long start/finish straight, Old Hall provides high drama and tension at the start of the race plus overtaking attempts as the event progresses. You'll also see duels take place on the run down the hill to Cascades.

One of the slowest corners on the track, you'll see plenty of passing attempts as the field heads out of the fast Druids corner and down the long straight. It's also the final corner on the circuit, and the scene of many last lap dramas.

One of the most exciting spots on the circuit as cars and bikes rapidly decelerate from high speed into a tricky chicane. Expect bucketloads of drama as you'll frequently see two competitors fighting to squeeze into a space big enough just for one!

GRANDSTANDS

JR JIM RUSSELL STAND

From the Jim Russell Stand you'll see the race start and finish on the Senna Straight, whilst being positioned at one of the tightest corners on the circuit and therefore one of the best spots for overtaking. The last corner is also the best place to see do-or-die manoeuvres as the field streams past on the final lap!

OS OLIVER SEAR STAND

The Oliver Sear Stand provides a great view of one of the circuit's most popular overtaking spots. Watch the racers head out of the Bentley Straight, with outbraking manoeuvres into Brundle and Nelson corners. See it all from the great vantage point of this stand!

T TYRRELLS

The Tyrrells stand is located to provide the best view of the 300 circuit's infield section. Watch the field accelerate out of Palmer, passing the stand as they race towards Agostini. They then head back through the high-speed Hamilton kink, then Oggies, before powering through Williams and onto the Bentley straight.

DRIVING EXPERIENCES

PUT YOURSELF IN THE DRIVING SEAT FROM JUST £99

For the thrill of a lifetime, MSV offers a range of fantastic and affordable driving experiences at its Brands Hatch, Donington Park, Oulton Park, Snetterton and Bedford Autodrome venues.

The flagship package is F4 Master at Brands Hatch, the most authentic single-seater driving experience available on any UK race circuit, which allows guests to pilot the very same car which propelled British F1 driver George Russell into top-flight racing.

F4 Master is available for £245 and features expert tuition behind the wheel of a powerful BMW M4 Coupé, before moving on to the state-of-the-art single-seater, with more power, higher revs and a seamless paddleshift gearbox.

The similar RaceMaster single-seater experience operates at Oulton Park. For those who favour tin-top driving, M4 Master offers twice the driving time in the BMW at either venue, or Donington Park. The similar M2 Master is also available at Bedford Autodrome.

Alternatively you can learn to slide a works-prepared rally car through a purpose-built rally stage with our RallyMaster experience in our spectacular rear-wheel-drive Toyota GT86, or traverse waist-high water passes, steep climbs, and sheer drops in a legendary Land Rover Defender with MudMaster.

You can buckle up from as little as £99 with our Ignition voucher, which gives a taster version of the popular BMW M4 Master, RallyMaster and MudMaster experiences. High octane passenger rides are also available from £29.

Children aged 11-17 and over 4'8" tall can also get behind the wheel in the latest MINI One with our renowned YoungDrive! introductory lesson. For more information and to book any of our experiences, visit www.msvdrivinggifts.com
